INTRODUCTION

In presenting the 23rd edition of our annual Price List we again thank our customers for their liberal support and patronage, and assure them that their future orders will receive the same careful and prompt attention as in the past.

We have on hand a most complete and up-to-date assortment of Evergreens, Broad leaved Evergreens, Deciduous Trees, Flowering Shrubs and old-fashioned Perennials; also an extensive collection of hardy Alpine and Rock plants suitable for Rock Gardens. A cordial invitation is extended to visit our Nurseries and inspect this stock when in this vicinity.

We will always exert ourselves in maintaining our reputation for furnishing first-class stock and those who intrust us with their patronage may rest assured that the stock will be the best procurable.

Terms of business will be found on page 32, and the complete index of this Price List on the following page, the use of which will facilitate the study of its contents.

ELMSFORD NURSERIES, INC.

NURSERY STOCK

EVERGREENS

We are again able to offer a complete line of EVERGREENS in the wanted sizes: namely the 2 to 6 feet stock. These plants have been grown at our Nurseries, have been several times transplanted and lift with an excellent root system, assuring success in re-planting.

TREES

ORNAMENTAL AND SHADE

MAPLES

ACER DASYCARPUM PYRAMIDALIS. (Pyramidal Silver Maple). This makes a beautiful tree of pyramidal form. The leaf is cut, light green and silvery underneath. It is almost as rapid a grower as the Poplar, but much handsomer and longer-lived. For screening purposes we have trees that are branched from the ground up.

Specimen plants, \$10.00 to \$50.00 each.

ACER PLATINOIDES (Norway Maple). One of the hardiest and most vigorous of all trees for shade and avenue planting. Forms a very compact globular head and is free from disease and natural enemies.

10 to 12 ft., 1¼-in. calipre, \$ 5.00.

10 to 12 ft., 1½-in. calipre, \$ 6.00.

10 to 12 ft., 2-in. calipre, \$ 7.50.

12 to 14 ft., 2½-in. calipre, \$10.00.

14 to 16 ft., 2½ to 3-in. calipre, \$12.50 to \$15.00.

ACER PLAT-SCHWEDLERII (Schwedler Norway Maple).

In every respect similar to the Norway Maple except in the color of the leaves which are bright purple when young and retain a purplish green color all summer. This is the most decorative of all Maples.

10 to 12 ft., 1¼ to 1½-in. calipre, \$7.50; 12 to 14 ft., 1½-in. calipre, \$10.00; 12 to 14 ft., 1¾ to 2-in. calipre, \$12.50.

ACER SACCHARINUM (Sugar Maple). The well-known native Maple.

12 to 14 ft., 2-in. calipre, \$7.50; 14 to 16 ft., 2½-in. calipre, \$10.00; 14 to 16 ft., 3-in. calipre, \$12.50 to \$15.00.

JAPANESE MAPLES (SEEDLING PLANTS)

ACER POLYMORPHUM ATROPURPUREUM. (Blood-leaved). This is the best of all the Japanese Maples. The foliage is reddish crimson or blood-red in spring and becomes duller as the season advances. The growth is upright and bushy and makes a beautiful "Lawn Specimen."

12 to 18 inches, \$3.50 to \$5.00 each.

HORSE-CHESTNUT

AESCULUS HIPPOCASTANUM. A well-known tree with abundance of white flowers in May.

8 to 10 ft., 1½ to 2-in. calipre, \$3.50 each.

12 to 14 ft., 5-in. calipre, \$15.00 each.

Larger specimens, \$25.00 to \$35.00 each.

TREE OF HEAVEN

AILANTHUS, GLANDULOSA. An extremely rapid growing, spreading tree, with palm-like foliage and greenish flowers in June. Has a hardy constitution and will withstand salt air, city smoke and dust.

6 to 8 ft., \$1.50; 8 to 10 ft., \$2.50.

BEECH (See *Fagus*.)

BIRCH

BETULA ALBA (White Birch). One of our well-known native trees.

6 to 8 ft., \$3.00; 8 to 10 ft., \$4.00.

BETULA ALBA, Lacinata Pendula. (Weeping cutleaf White Birch). Unusually graceful drooping tree, particularly adapted for lawn planting.

6 to 8 ft., \$4.50 each.

CATALPA

CATALPA BUNGEI (Umbrella Tree). A most useful tree for formal planting. The stems are 6 to 8 feet high and surmounted with a round formal top which grows thus naturally without trimming. The leaves are broad and glossy. A very ornamental tree.

6 to 8 ft. high, 1½ ft. heads, \$3.50.

6 to 8 ft. high, 2 ft. heads, \$5.00.

Larger heads, \$7.50 to \$10.00 each.

JUDAS TREE, OR RED BUD

CERCIS CANADENSIS. One of the first trees to flower. The branches are covered in early spring with a mass of dark pink or magenta colored flowers, which are succeeded later by pale green leaves.

4 to 5 ft., \$2.00; 5 to 6 ft., \$3.00.

JAPANESE CHERRY

CERASUS JAPONICA. Upright growing Japanese Cherry. (Several varieties.)

10 to 12 ft., \$12.50 each.

CERASUS JAPONICA, Rosea Pendula. (Japanese Weeping Cherry). Very beautiful, with long slender branches forming long strings of rose colored flowers.

5 to 6 ft., 1 year heads, \$5.00 to \$7.50.

5 to 6 ft., 2 year heads, \$7.50 to \$12.50.

DOGWOOD

CORNUS FLORIDA (White Dogwood). A fine native tree of medium growth, with large white flowers in early spring, followed by an abundance of red berries in the fall. The foliage in the fall is also very brilliant.

6 to 8 ft., \$8.50 to \$10.00; 8 to 10 ft., \$15.00 to \$20.00.

CORNUS FLORIDA RUBRA (Red Flowered Dogwood). Like the preceding, except that the flowers are deep pink. This variety is very scarce.

3 ft., \$5.00; 3½ ft., \$7.50; 4 ft., \$10.00.

HAWTHORNE

CRATAEGUS, CRUSSGALLI (Cockspur Thorn). White flowers, tinged with red.

2 to 3 ft., \$1.00; 3 to 4 ft., \$1.50; 4 to 5 ft., \$2.00; 5 to 6 ft., \$2.50.

CRATAEGUS OXYCANTHA. The celebrated hedge plant of England; also useful for single specimens.

4 to 5 ft., \$2.00; 5 to 6 ft., \$2.50.

CRATAEGUS OXY COCCINEA FL. PL. (Paul's Double Scarlet Thorn). The best of the "Thorn" family; flowers are double and bright red.

4 to 5 ft., \$3.00; 5 to 6 ft., \$4.00.

BEECH

FAGUS SYLVATICA PURPUREA (Purple Beech). The foliage is dark purple and the tree of slow growth.

4 to 5 ft., \$7.50; 5 to 6 ft., \$10.00; 6 to 7 ft., \$12.50; 7 to 8 ft., \$15.00; 8 to 10 ft., \$20.00 to \$25.00.

MAIDEN HAIR TREE

GINKO BILOBA. A handsome tree of medium size; pyramidal in growth with foliage resembling the maiden hair fern.

8 to 10 ft., \$5.00; 10 to 12 ft., \$7.50 to \$10.00.

MULBERRY

MORUS TARTARICA PENDULA (Teas Weeping Mulberry). One of the prettiest of our dwarf trees. Forms a perfect umbrella-shaped head, the branches touching the ground.

Three-year heads, \$5.00 each.

Larger specimens, \$7.50 to \$10.00 each.

POPLARS

POPULUS FASTIGIATA (Lombardy Poplars). A fast pyramidal-growing tree that can be planted close together for an immediate screen.

8 to 10 ft., \$1.50; 10 to 12 ft., \$2.50.

FLOWERING CRABS

PYRUS MALUS BECHTELI (Bechtel's Flowering Crab).

2 to 3 ft., \$1.50 to \$2.00; 3½ to 4 ft., \$3.50.

PYBUS, MALUS, FLORIBUNDA ATROPURPUREA. Free flowering Crab, with single crimson flowers.

3 ft., \$1.50; 4 ft., \$2.00.

PYRUS, MALUS, FLORIBUNDA ATROSANGUINEA. Brilliant carmine flowers.

3 ft., \$1.50; 4 ft., \$2.00.

PYBUS, MALUS, NIEDZWETZKANA. Remarkable for the red color of flowers, branches, leaves and fruit.

3 ft., \$1.50; 4 ft., \$2.00.

PYRUS, MALUS, PARKMANNI (Parkmann's Flowering Crab). A very ornamental dwarf tree, covered with pink blossoms in early spring.

4 ft., \$4.00.

PYRUS, MALUS, SCHEIDESKERI. Double flower; bud red, changing to pink.

3 ft., \$1.50; 4 ft., \$2.00.

PLANE

PLATANUS ORIENTALIS (Oriental Plane). One of our longest-lived and most massive trees. Much used for street planting. Is not troubled by any natural enemies. Succeeds well in any situation, but does best in a rich moist soil.

12 to 14 ft., 2 to 2½-in. calipre, \$7.50; 14 to 16 ft., 2½ to 3-in. calipre, \$10.00.

Larger specimens, \$10.00 to \$50.00 each.

HARDY GARDEN ROSES

HYBRID TEA OR EVERBLOOMING ROSES

These are popularly known as monthly or ever-blooming Roses. In size, color and perfume they equal the Hybrid Perpetual with the distinct advantage that they give a continuous succession of bloom from early Summer until late in the Fall, and with slight protection they are perfectly hardy.

Our Roses are all strong, 2 year old, budded, field grown stock: they are carefully dug in the Fall, potted and stored in cold frames, where heat is only used to exclude frost. They are shipped in paper pots and can be set out anytime until the end of June without setback for blooming during the Summer. All Roses offered on this list can be depended upon to bloom the first year of planting and to continue during the season.

Price: \$1.00 each; \$11.00 per doz.; \$90.00 per 100; except where noted.

BETTY. Coppery-pink buds opening to pale buff pink flowers. An excellent bloomer and exceptionally hardy.

CHAS. K. DOUGLAS. Non-fading scarlet, flushed bright velvety-crimson. Good growth and foliage.

DUCHESS OF WELLINGTON. Flowers saffron-yellow, deepening to coppery-yellow as they develop.

ELDORADO. Golden bud flushed with red, opening to clear yellow flowers. One of the best of the new yellow varieties.

E. P. H. KINGMA. Brilliant apricot, flushed with orange and gold. Very free flowering.

ETOIL DE FEU. A free flowering orange-pink with flame colored shadings.

ETOILE DE FRANCE. Soft velvety-crimson: center a bright cerise. Strong free blooming plants with stiff stems and good foliage.

ETHEL SOMMERSET. Large flowered bright pink, blending to flesh and coral pink at edge of petals.

FRAU KARL DRUSCHKI. This is a Hybrid Perpetual, but is such a constant bloomer that it is generally classed with the Hybrid Teas. Beautiful snow-white flowers: vigorous grower and very hardy.

GRANGE COLOMBE. Free flowering, creamy-white.

HENRY FORD. Free blooming yellow, edged with salmon-orange.

IMPERIAL POTENTATE. Large, double, sweet scented blooms of clear shining rose-pink, with silvery-pink reverse.

INDEPENDENCE DAY. Orange-apricot, suffused with copper and reddish brown: free flowering and a vigorous grower.

- JANET.** Golden fawn, with coppery and orange shades. Free flowering and fragrant.

GRASS SEED

ELMSFORD EVERGREEN LAWN GRASS MIXTURE—We have made an extensive study of grasses, and have here combined in one mixture several of the very best kinds in such proportions as will give the best results. Some of the kind are naturally early and give the lawn a bright color as soon as Spring opens up. Others will stand the heat and drought of Summer and others again will keep on growing until late in the Fall. We consider our "Elmsford Evergreen Mixture" to be as good as any on the market to-day. For new lawns, sow 85 to 100 pounds to the acre.

Per pound, 60c; bushel (20 lbs.), \$10.00.

THE ELMSFORD SHADY SPOT GRASS MIXTURE—A combination of grasses that naturally grow in shady places, of guaranteed purity and free from weeds.

Per pound, 75c; bushel (20 lbs.), \$12.00.

PERMANENT PASTURE MIXTURE—A combination of various grasses recognized for good pasturing qualities—a combination that will keep growing from early spring until late in the fall. Sow 50 to 75 pounds per acre.

Bushel (14 lbs.), \$7.50.

LANDSCAPE DEPARTMENT

The Landscape Department is an important branch of the Nursery business. We are well equipped to undertake the development of either large or small estates.

The individual members of our firm have had a life experience in this work and are well qualified to give practical advice in the development of new places, or the renovation and care of old ones. We have developed and renovated a number of new and old places; the names of the owners will be given on request. We have moved a quantity of large trees with great success and are fully equipped to take care of this branch of the work. We have also made an extensive study of Rockery work and have done a number of large jobs of this nature, which we will be pleased to show to interested customers.

Estimates and specifications on any of the above work will be cheerfully given.

Where we are called on to give advice regarding care, etc., of established plantings, lawns, etc., entailing no work, a charge for time and transportation will be made.

TERMS OF SALE

TERMS. 30 days Net. No discount. Interest charged on all accounts after maturity.

DELIVERY. The prices herein named are at our Nursery, or F. O. B. the Express and Railroad Station at Elmsford, unless otherwise agreed.

PACKING. A nominal charge will be made for labor and materials used.

GUARANTEE. You have our assurance that all stock will be in good condition when shipped, but we naturally cannot guarantee it to grow under all conditions, nor can we make up losses arising from climatic effects or culture. We try to be fair in the matter of any adjustments and we ask our customers to reciprocate this feeling, which we might add we find in almost every case is done. However, we cannot entertain any complaint unless the account has been paid within 30 days from date rendered.

While we exercise the greatest care to have all Trees, Shrubs and Plants true to name, we do not give any warranty expressed or implied, and it is understood and agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original purchase price.

All claims for errors must be made within six days after receipt of goods, or such claims will not be considered.

Stock will be supplied at prices named herein. Where dozen or hundred rates are quoted, six of any one variety will be supplied at dozen rates, twenty-five of any one variety at hundred rates, otherwise, unit rates will prevail.

Prices quoted are for first class stock, but where specimens are personally selected by the purchaser or his representative, they will be charged for according to their individual values.
